

PRIORITY HEALTHCARE VOTED AS THE #1 STAFFING FIRM & EMPLOYMENT AGENCY!

November 2023

TORONTO, ONTARIO – (ANNOUNCEMENT – November 09, 2023)

Priority Healthcare has been recognized as 2023's Top Ranked Staffing Firm.

This year's 2023 Reader's Choice Award goes to Priority Healthcare as the #1 Ranked "Best Employment and Staffing Firm".

The Canadian healthcare staffing industry is an extremely competitive sector, with a variety of staffing firms. Whether a facility or a healthcare professional, the choice of which organization to partner is an important decision. Factors to consider in choosing who will best represent you or your organization can include: which organization adheres to all government regulations, which firm can be counted on to deliver results, and which company is considered "Best in Class". Each year a public survey is conducted based on these criteria in a quest to determine which staffing firm stands out from the crowd.

Priority Healthcare has made a vigorous impact in the Healthcare Staffing Industry. As one of the largest staffing firms in the country, Priority breaks the mold of other agencies with efficient, flexible, responsive and experienced staff who attract competitive candidates and support employers to ensure the right hire, every time. With one of the industries most extensive and qualified database, Priority successfully matches thousands of healthcare professionals with employment opportunities each year across every Province.

Priority Healthcare also believes in leading by example. This is demonstrated with an internal code of ethics embracing, honesty, integrity and partnership towards both clients and employees. This spirit and dedication has proven to be one of the company's greatest assets. "This is the outcome of a lot of hard work," says Priority President, Michael Adams. "I'm really excited for the future of this firm and all the employees who help make this a great place to work.
